Re: CC Docket No. 96-45
High Cost Model (HCM) Support for Competitive ETC
Initial Certification Filing

Dear Ms. Dortch:

On September 21, 2004, OrbitCom, Inc. was granted ETC status by the Nebraska Public Service Commission in all of Qwest Corporation's Nebraska service territory (ILEC SAC 375143). OrbitCom has requested a CETC Study Area Code from USAC, and the request is pending.

OrbitCom, Inc. also received initial certification of its proper use of HCM support from the Nebraska Public Service Commission in a Commission order dated September 21, 2004. The FCC and USAC should receive notification of such order by September 30, 2004. However, in the event that self-certification is needed for this initial filing, this letter is to self-certify that OrbitCom, Inc. will use its High Cost Model (HCM) support only for the provision, maintenance, and upgrading of facilities and service for which the support is intended.

I am authorized to make this certification on behalf of OrbitCom, Inc. This certification is for the Competitive ETC study area listed below:

If you have any questions regarding this certification, please call me at 605-977-6900.
Thank you.
